

## Water Testing

The Code Enforcement Office has free water testing kits donated by Nelson Analytical Lab. The kit contains everything needed for: standard, comprehensive, FHA/VA water tests, which include arsenic, lead, uranium and fluoride. The kit is free, but the lab fee will be approximately \$30 depending on what you request for testing.

Or you can contact a water testing lab listed below and request a Safety Check Kit at a cost of \$30 per kit.

### Water Testing Labs
